Energised Wristband Benefits

Each wristband is enhanced with Pure Frequencies of Ginkgo, Rosemary, and Indian Herbs

Benefits of Ginkgo Biloba: (Tree native to China)

Modern research uses Ginkgo Extract which is made from the leaves

- Ginkgo supplementation is focused on brain function and blood circulation
- Contains powerful antioxidants
- High levels of flavonoids and terpenoids which are compounds known for their strong antioxidant effects
- Antioxidants combat or neutralize the damaging effects of free radicals which are highly reactive particles that are produced in the body, and have the potential to damage healthy tissues, which accelerates disease development
- Helps to fight inflammation in the body, reduces markers of inflammation in both human and animal cells
- Improves circulation and heart health by increasing blood flow to multiple parts of the body, including the brain. This is attributed to an increase in levels of circulating nitric oxide, a compound responsible for dilating blood vessels
- Reduces symptoms of psychiatric disorders and dementia with its ability to reduce anxiety and treat symptoms of depression. Studies have shown marked reduction in the rate of cognitive decline in people with dementia using Ginkgo
- Improved brain function and well-being by enhancing memory, focus and attention span, with improved mental capability
- Improves the body's ability to cope when stressed when hormone levels are high
- Supports vision and eye health due to increased blood flow to the eyes, also assisting with improvement of vision
- Can assist in treating some types of headaches and migraine, because of its ability to increase blood flow and reduce inflammation
- Ginkgo may also treat symptoms associated with respiratory diseases because of its anti-inflammatory effects
- Ginkgo may improve symptoms of sexual dysfunction due to its impact on blood flow to those areas of the body

Benefits of Rosemary: (Fragrant Evergreen Herb, a member of the mint family, native to the Mediterranean)

- This herb has been hailed since ancient times for its medicinal properties, being traditionally used to help alleviate muscle pain, improve memory, boost the immune and circulatory system, and promote hair health
- Rosemary health benefits include improved concentration, digestion, and brain aging
- This herb is a rich source of antioxidants and anti-inflammatory compounds, which help to boost the immune system and improve blood circulation
- Antioxidants play an important role in neutralizing harmful free radical particles
- Rosemary is used to help treat indigestion
- Known to enhance memory and concentration, performance, speed, and accuracy.
- Rosemary contains an ingredient called carnosic acid, which can fight off damage by free radicals in the brain. It is protective against brain damage and may also improve recovery for people who have experienced a stroke.
- Significantly helps with the prevention of brain aging and treatment of Alzheimer's.
- Carnosic acid also provides protection against macular degeneration and significantly promotes eye health.

Benefits of Indian Plant Herbs: (Ayurveda has been used for thousands of years as India's traditional system of healing, using over 5,000 herbs. Ayurveda is about balance - balance in sleep, balance in food, balance in exercise & sexual activity, balance in body function. In all these aspects when balance has been created, enables everything to function properly within the body.)

Some selected pure ingredients from these listed herbs, have been formulated for use in the Wristband.

- Ashwagandha - A rejuvenator used to boost energy and reduce stress
- Bacopa - Supports function of the brain and nerves, and aids memory
- Manjishta - A blood purifier and to support healthy skin
- Guduchi - The best body rejuvenating herb in Ayurveda
- Gokshura - Used to treat depression
- Shankhapushpi - A nerve and brain tonic which promotes memory
- Turmeric - Purifies the blood and promotes clear healthy skin
